BLACK TRACKER

INSPIRATION KIT

There are over 130 accessories to choose from to make your Street Twin your own, but now you can give your Street Twin a meaner attitude with the new 'Black Tracker inspiration kit'.

The inspiration kit takes the contemporary Street Twin and gives it a more mean and moody style, with a host of stylish blacked-out details. The black styling runs right down the spine of the motorcycle, with black Barrel Style Grips at the front and the classic Triumph Black Bench Seat taking the dark theme all the way to the rear fender – adding to that tailored mean look.

Continuing the dark, mean theme throughout the Street Twin, the original exhaust header pipes are replaced with ceramic black versions, and the Street Twin is kitted out with ceramic coated silencers manufactured by exhausts specialists Vance & Hines. These silencers are designed to be shorter and lighter than the original versions, in keeping with the engine casing and are finished with Triumph detailing.

The Black Tracker inspiration kit includes a Fender Removal Kit, which reduces the rear end of the Street Twin and coupled with 40mm front and rear LED indicators, creates a sleeker profile.

The kit also showcases Ribbed Clutch and ACG Badges, a machined Oil Filler Cap, Triumph detailed Head Bolt Covers and powder coated Black Intake Covers. These subtle additions add to the tenacious urban style of the Street Twin.

FOR THE RIDE

triumphmotorcycles.co.uk

The photography within this brochure shows Triumph motorcycles being used by expert professional riders in protective gear under professionally controlled, closed course conditions. Triumph does not endorse or encourage stunts, tricks or any form of irresponsible riding. At Triumph, we want every ride to be safe and enjoyable. Always ride safely, defensively and within the limits of the law. Always ride appropriately for road conditions. Always ride within your ability. Take a riding skills course. Always wear an approved helmet, eye protection and appropriate protective clothing. Always insist that all passengers do the same. Never ride while under the influence of alcohol or drugs. Study your owner's manual and inspect your Triumph motorcycle before riding. Data given to UK market specification. Specification may vary by market. Some Triumph motorcycles are designed as street motorcycles. Triumph does not support the use of street motorcycles in off-road environments. Street motorcycles are not suitable for off-road use. Triumph does not endorse or encourage the use of street motorcycles off-road. Off-road use could expose yourself and others to serious personal injuries or even death. Silencers: Triumph accessory silencers are not for use on the public roads.

Unless otherwise stated, Triumph accessory silencers do not conform to on-road noise or emissions standards in countries where such standards apply. Use on-road may therefore violate the law. These products are designed for closed circuit competition use only. Triumph accessory silencers will require a specific tune download, which is available from your authorised Triumph dealer. Specification may vary by market. Some accessories are prohibited by local law. As a motorcycle owner/rider, it is your responsibility to know of and comply with all local laws. If you have any doubt, contact your local authorities. All details correct at time of going to press. Triumph Motorcycles Limited reserves the right to make changes without prior notice. This brochure contains models that are not available in all countries, please consult your dealer for model and colour availability. Please note that this brochure contains images of motorcycles that feature accessories and this may or may not be stated. Triumph Motorcycles Limited takes no responsibility for any misunderstanding of standard specification that this may cause.
